Montpensier

It's party time!

The bright summer collection Montpensier by Choupette will spin you in a dance of fun, courage, childish laughter and enthusiasm. Fancy images, rich colors, cheerful prints and amazing decor will not leave a trace of the gloomy mood.

Designers were inspired by the chic circus performances, the brilliant outfits of acrobats, air gymnasts and even tamers.

Every detail is considered through to the finest point. Clothing for real artists should be beautiful and comfortable! Elegant lush skirts, truncated tops and shorts for everyday wear, dresses decorated with colorful pompoms, fancy prints on T-shirts, sports suits and amazing pants - everything shines, pleases and impresses, just like the most complex tricks under the dome or the amazing disappearances of the illusionists. Like shawls from a hat sparkle the colors of the collection: ecru, pink, unchanged strip and rich red accents. Young fashionistas will be able to find a dress for themselves among a variety of sequins, chevrons, amazing patterns, geometric and cheerful prints. It is noteworthy that the clothes are very well combined, allowing to create unique and diverse images. An amazing dress with Indian elephants is perfect for going out, and without a stylish skirt with pompoms, there will not be a single tea-drinking, and it's easy to tame any problems and equations in red bermudas.

Montpensier is a bright and exquisite combination of clothes for both everyday life and festive events. Circus representations are fascinating at any age. In the new collection from Choupette there are ideal outfits for the youngest princesses and fashionistas, for every taste and event.

Freestyle

Sport is your life!

Freestyle is a designation in extreme sports, music and art. This is a soul rush, a riot of fantasy, complex elements and a noble risk that followers are willing to follow.

For modern boys freestyle is a feeling of inner freedom, a thirst for new knowledge and skills, a constant movement forward. It's a bicycle, rollers, skateboard, surfing and windsurfing, all related to wind and speed. Obviously, clothes for young lovers of freedom should be combined with their inner sensations. Be bright, free, comfortable, and above all, emphasizing individuality.

The collection includes clothes made of non-perming materials, shorts and breeches, bright T-shirts and sweatshirts, ragged jeans, stylish shirts and pants with lapels.

Freedom in thoughts and movements, style in minute detail - the philosophy of the Freestyle collection.

The basis of the collection are comfortable T-shirts with prints, khaki pants and jackets, cotton breeches and checkered shirts. Muted shades of green, sand, brown colors will make boys feel like a real Indiana Jones of our time.
